

Susan O'Donnell

Susan is the Co-Host of the "Morning Show with Mike and Susan" for the most listened to Christian Radio station in the country.

Susan is a former Pastor's wife and the single mother of two daughters - Sarah Beth and Megan. On her own with the girls since they were 12 and 9... Susan says those two girls are her best credentials!!

Susan is a Hoosier who has found a home in Houston, Texas. She is able to use her experiences -- everything from being raised on a farm in the Midwest to the tragic loss of a 17-year marriage -- to encourage and enlighten, and she's FUNNY!

As a stand up comic, Susan has performed at The Improv, and also opened for secular entertainers like Johnny Rivers and Christian artists like Kathy Troccoli, Avalon, Bob Carlisle, Phillips Craig and Dean, Jackie Velasquez, and many more. With comedy and a mix of testimony and song, Susan will take you on a roller coaster ride that brings you belly laughs to tears to belly laughs again!.... And when it's all over (like any good roller coaster ride) you'll want to go again!

In Bible study, Susan loves to show women how they can get on with their life, even in the face of tough times and difficult past experiences. She will encourage you to go for it! Pack up all your worries and troubles in a great big bag and leave them behind! Using the experiences of her own life and her years of study at Johnson Bible College in the hills of Tennessee she will open up the Word in a fresh perspective that can change the way you look at your future!

Susan's debut album is entitled "Lighten Up" and her entire purpose for the work she does on stage and behind a radio mike is to show Christians just that.... How to Lighten Up! As she likes to say, 'How can we be the light of the World if we're too afraid to Lighten Up?
